Luxembourg meeting the EU Mental health commissioner Yurgen Sheiftlein

Person centred Practitioner education training a collaborative strategy including conventional medicine will support health care authorities to make green treatment options available within hospitals prisons and communities.

I see global health economics alone dictate the need to strengthen options in the provision of well being infrastructure for vulnerable target groups towards safety for communities.

I have met with support from all political parties in our green environmental humanitarian option including for war veterans prison staff and mothers with birth injuries fractured bonds.

**NATUROPATHY UNIVERSITY**

I have worked towards medical recognition for naturopathy and aim for global financial equality for workers.

**WNF**

Irish Institute Natural Medicine WNF applied member for Ireland
